Gateway Packaging announces 2009 AIB results

Both of Gateway Packaging Company's manufacturing plants have recently been audited by the AIB (American Institute of Baking) to certify that high levels of quality and cleanliness are sustained for a food contact packaging facility.

Gateway is pleased to announce that each plant received a rating of Superior, AIB's highest rating.

Gateway is committed to providing high levels of quality and service to all of our customers and food grade packaging is a key part of our valued customer base.
