Dear Valued Customer:

WE'RE OPEN FOR BUSINESS!

The recent turmoil in the stock market and the news about the collapse of many of the largest banking, investment and insurance firms in America obviously has shaken the foundation of our economy. Even in the midst of this crisis, Gateway Packaging Company remains strong and stands ready to meet the needs of our customers.

Gateway Packaging Company's financial strength is built on a history of prudent management of our assets and expenses.

Our banking relationships are solid and we have ample capital to not only weather this economic problem, but to continue growing our business with the newest and most modern technology available.

In the event that you have trouble sourcing materials, or if you are unable to have your packaging needs met by other suppliers due to temporary monetary situations, we would be glad to help in any way we can.

God help our country.

Best regards,

GATEWAY PACKAGING COMPANY
